PRESIDENT'S MESSAGE

PRESIDENT'S MESSAGE

Welcome to the 2017 edition of the Suffolk County Community College Factbook, compiled by our Office of Planning and Institutional Effectiveness.

In this document you will find information about the College's mission, vision and goals and data that inform our planning and decision making. The College has made great strides in the collection and use of data to gauge progress toward fulfilling the goals of our mission and working toward continuous improvement in all we do. In these pages there are data regarding enrollment, demographic information about our students, information on courses of study, and other information intended to describe our College, our campuses, and many aspects of our efforts to fulfill our mission of serving the people of Suffolk County. We have made every effort to cite the source of information, and to identify the time frame of data and specific cohorts involved.

Suffolk County Community College, the largest community college in New York State, is a complex institution serving over 33,000 college students each year, and thousands more in our Continuing Education, English as a Second Language (ESL), and Workforce Development programs, and thousands of high school students in our Excelsior and Early College programs. Consisting of three campuses and two downtown centers, Suffolk County Community College strives to offer quality educational opportunities to all residents of Suffolk County at an affordable price. Employing thousands of people and enhancing the earning potential of our students, the College serves as vital economic engine of the County.

It is hoped that this Factbook will give insight into the complexity of the College and to help describe the efforts of our faculty and staff in providing extraordinary educational opportunities to our students.

Shaun L. McKay, Ed. D.

President

SUFFOLK COUNTY COMMUNITY COLLEGE HISTORY

On December 18, 1959, Suffolk County Community College of the State University of New York was founded under the administration of a nine-member board of trustees, five appointed by the then County Board of Supervisors and four by the Governor of the State of New York. On October 3, 1960, the College officially opened, occupying temporary facilities at Sachem Junior-Senior High School in Ronkonkoma, New York, as well as part-time facilities at Riverhead High School in Riverhead. Initial enrollment included 171 full-time students and 335 part-time students.

As the College began to grow, the Board of Supervisors of Suffolk County provided a 130-acre site in Selden for a permanent campus. Six buildings on the site were renovated and converted, equipment necessary for the operation of the College was obtained, and in August 1961 the College occupied what was later to be known as the Ammerman Campus, renamed in honor of the College's founding president, Dr. Albert M. Ammerman. Two other permanent campuses were opened – the Michael J. Grant Campus in Brentwood in 1974 and the Eastern Campus in Riverhead in 1977.

In 2005, in an effort to revitalize traditional downtown areas and provide additional access for residents to educational opportunities, the College embarked on opening two downtown satellite educational centers - a downtown center in Sayville specifically to address nurse education and provide courses in medical assisting, anatomy and physiology classes, and in the allied health professions and the Culinary Arts and Hospitality Center in downtown Riverhead to offer two-year A.A.S. degrees in Culinary Arts, Baking and Pastry Arts, and Hotel and Resort Management, as well as one-year certificates and a full menu of Continuing Education courses.

Suffolk County Community College is the largest community college in the State University of New York (SUNY) system, enrolling approximately 27,000 students. It offers more than 100 degree and certificate programs in business; communications and the arts; computing; health, community and human services; liberal arts and sciences; and technical, scientific and engineering studies. By May 2013, the College had more than 104,000 graduates and produces hundreds of Phi Theta Kappa Academic All-Americans each year. The College also prepares students to enter the workforce and to transfer to such institutions as Columbia, Harvard, Cornell, New York University, the University of North Carolina at Chapel Hill, as well as numerous colleges and universities in the State University of New York system.

MISSION, VISION, AND INSTITUTIONAL GOALS

Mission Statement

Suffolk County Community College promotes intellectual discovery, physical development, social and ethical awareness, and economic opportunities for all through an education that transforms lives, builds communities, and improves society.

Vision Statement

Suffolk County Community College commits to maintaining high educational standards, to fostering and inspiring student success, and to creating diverse opportunities for life-long learning. By attracting strong leadership and distinguished faculty to a college of excellence, we create an enriched learning environment that empowers students to transform their lives.

Institutional Goals

1. Student Success:

To foster the intellectual, physical, social, and civic development of students through excellent and rigorous academic programs and comprehensive student-support services.

2. Community Development/Societal Improvement:

To promote the social and economic development of the community we serve.

3. Access and Affordability:

To provide access to higher education by reducing economic, social, geographic and time barriers.

4. Institutional Effectiveness:

To monitor and assess the performance of the institution to ensure continuous improvement in achieving the mission, vision and goals of the college.

5. Communication:

To promote transparent and effective communication within the college community and between the college community and external constituencies.

6. Diversity:

To reflect the ethnic and economic composition of Suffolk County.

MEASURABLE INSTITUTIONAL OBJECTIVES (MIOs)

1. Student Success

1.1: The College will, during the period 2013-2020, increase the completion rate of first-time, full-time (FTFT) students in gateway courses through enhanced engagement with faculty, academic support and student services.

1.2: The College will, during the period 2013-2020, increase the fall-to-spring persistence rates of all credit bearing students to 75% and fall-to-fall retention rates for FTFT students to 70% by supporting students through enhanced engagement with faculty, academic support, and student services.

1.3: The College will, during the period 2013-2020, increase the three-year graduation rate of FTFT students to 20% through enhanced engagement with faculty, academic support, and student services.

2. Community Development/Societal Improvement

2.1: The College will enhance the local workforce by increasing partnerships with key employment sectors and offering programs to address the employment skills gap in Suffolk County.

2.2: The College will expand targeted outreach to non-traditional constituents to increase the number of non-traditional students served through continuing education and traditional academic programs.

2.3: The College will enhance community enrichment through increased participation in social and cultural events, initiatives, and activities conducted by the College or in partnership with external stakeholders.

2.4: The College will expand partnerships with local high schools, school districts, and other higher education institutions to ensure successful and smooth transitions from high school to college.

3. Access and Affordability

3.1: The College will improve access by developing needed facilities and reducing geographic barriers associated with campus structures and topography through the implementation of the Capital Program as evidenced by specific project completion each year.

3.2: The College will reduce the economic barriers to higher education by maximizing institutional efficiencies in order to minimize increases in College operating costs, as evidenced by the budget.

3.3: The College will reduce the economic barriers to higher education associated with limited financial aid by increasing the number of applications for and awards of both merit and need-based scholarships, as evidenced by Foundation update reports, by fall 2020.

3.4: The College will reduce social, geographic, and time barriers to academic success through the enhancement of online, web and/or mobile academic and student support by increasing the availability, accuracy and currency of courses, applications and content, as well as the ease and convenience of delivery.

4. Institutional Effectiveness

4.1: All divisions, departments, programs, services and units of the College will, through the implementation of an integrated planning system, monitor and assess outcomes, and communicate evidence that assessments have been used toward continuous improvement in achieving the College's mission, vision, and goals during the period 2013-2020.

5. Communication

5.1: Each year during the period 2013-2020, the College will, through written, electronic and face-to-face communication, issue college-wide communication to administrators, faculty, staff, and students in order to promote effective internal communication. In addition, each campus will develop methods to deliver and receive departmental and divisional input about their mission-related activities.

5.2: Each year during the period 2013-2020, the College will, through written, electronic, and face-to-face communication issue information to external constituents and stakeholders about College and student initiatives and accomplishments, as well as community outreach programs, in order to promote the value the College brings to Suffolk County and its citizens.

6. Diversity

6.1: Each year during the period 2013-2020, the College will foster and demonstrate measurable improvement in decreasing ethnic disparities within its instructional and non-instructional faculty and staff for pan-cultural groups.

6.2: Each year during the period 2013-2020, the College will decrease achievement disparities among pan-cultural groups and across socioeconomic groups by developing partnerships and approaches aimed at decreasing the need for developmental education, improving the rate of persistence fall-to-spring for FTFT freshmen, and improving graduation and transfer rates for these populations
