YOUR SUCCESS STARTS AT SUFFOLK

At Suffolk County Community College, you will find affordable, quality higher education delivered in small class settings, led by faculty with credentials from many of the country's most acclaimed colleges and universities. Here, we believe education is critical for building strong families, vibrant communities and a skilled workforce.

Suffolk is one of the 64 colleges and universities that make up the State University of New York (SUNY) system. With an enrollment of approximately 27,000 students, we are the largest community college in New York State. As a premier, learning-centered institution, we offer more than 100 degree and certificate programs.

Our students are among the best and brightest in the region. Many of them choose to earn an associate degree here and then transfer with full credit to a highly rated four-year college or university to pursue a bachelor's degree. By spending the first two years of their higher education experience at Suffolk, they receive a quality education while saving tens of thousands of dollars. Our students also excel outside the classroom as leaders in over 90 student organizations and clubs or on one of our NJCAA Division III or intramural sports teams.

I am pleased to share with you that the College is an exceptional higher education resource. Suffolk's faculty, staff, and administrators are dedicated to fostering an environment that helps students attain their academic goals, while embracing the philosophy of lifelong learning. Ultimately, this approach provides our students with an advantage as they enter the workforce.

Whether you are starting your college experience, seeking to advance in your current position, or have made the decision to transition into another career, Suffolk County Community College provides the very best programs, instruction and student support services. There is no doubt that we are the best, most affordable choice for you as you pursue your educational goals.

Sincerely,

Dr. Shaun L. McKay

President

Through education comes transformation and economic empowerment.

Professional Development and Continuing Education

**Are our courses meeting your needs?
Visit sunysuffolk.edu/ContinuingEdSurvey
to respond to a brief seven question survey
that will help us serve you better.**

CONTINUING EDUCATION REGISTRATION INFORMATION

1. Please print clearly, except for signature.
2. List the course number, CRN, and title of the course for which you are registering.
3. Sign the Declaration of Residence. If the statement does not apply to you, contact the Cashier's Office at:
Eastern Campus - 631-548-2545 • Ammerman Campus - 631-451-4086 • Michael J. Grant Campus - 631-851-6730
4. You must include a check or money order, made payable to Suffolk County Community College, for the tuition payment. Cash will not be accepted.
5. Submit the completed registration form and payment by mail or in person to the Registrar's Office at the campus to which you are applying for a course.
6. If you wish to register and pay online, please visit the College website at sunysuffolk.edu. New students must follow the new, non-degree student application procedure before registering. Use this form only if you have never attended or applied to SCCC, and you wish to take continuing education classes without being admitted to a degree program. Please allow one business day for this application to be processed prior to registering. Entering your email address will result in immediate confirmation of your application once you submit it. Prior applicants can register immediately online.
7. Please note the room assigned ON YOUR SCHEDULE as it may be different than that which is listed in this brochure.

GENERAL INFORMATION

COURSE LOCATIONS

Ammerman Campus • 533 College Road • Selden, New York 11784

Eastern Campus • 121 Speonk-Riverhead Road • Riverhead, New York 11901

Michael J. Grant Campus • Crooked Hill Road • Brentwood, New York 11717

Sally Ann Slacke Center • Michael J. Grant Campus • Crooked Hill Road • Brentwood, New York 11717

Culinary Arts and Hospitality Center • 20 East Main Street • Riverhead, New York 11901

Sayville Downtown Center • 30 Greene Avenue • Sayville, New York 11782

CLASS CANCELLATION AND REFUND POLICY

If a course should be canceled due to insufficient enrollment, you will be notified by the Registrar's Office and you will have a check issued as promptly as possible. Full tuition refunds will be automatically issued to students who officially withdraw/drop up to one (1) day prior to the first class meeting. For all courses that meet more than once but are shorter than the full semester, an official withdrawal prior to the second class meeting will result in a 50% refund of tuition. Please visit sunysuffolk.edu/ContinuingEd for additional information.

ADMITTANCE TO CLASS

Since all courses are enrolled on a first-come, first-served basis, we encourage you to apply early. Students will be mailed a receipt within two weeks of registration. If you do not receive this, please call the Registrar's Office at the campus for which you are registering. You do not need a special card or receipt to be admitted to class. Instructors are provided with class lists with the names of those officially registered. You will not be admitted to class unless your name is on a class list and you have paid your tuition and applicable fees. Once again, please make note of the room in which your class is meeting, as noted ON YOUR SCHEDULE. That is the room to which you should report for class. It may be different than that which is noted in the brochure.

REFUND CHECK CHARGE

A fee of \$30.00 will be charged for any check that is returned to the College for any reason.

NOTE: THE COLLEGE RESERVES THE RIGHT TO CANCEL ANY COURSE, TO MAKE CHANGES IN FEES OR SUBSTITUTIONS IN FACULTY AND TO CHANGE DAYS OR HOURS WHEN NECESSARY. EVERY EFFORT IS MADE TO PROVIDE NECESSARY, CORRECTED INFORMATION TO THE STUDENTS AS SOON AS POSSIBLE.

Suffolk County Community College is committed to equal opportunity/affirmative action and promotes admissions, academic, and employment policies and practices that do not discriminate against any person because of sex, race, color, creed, religion, age, marital status, veteran status, national origin, sexual preference, or physical handicap.

Professional Development and Continuing Education Courses

We recognize our commitment to returning students and to those in our community who require job-entry skills. For this reason, we have arranged to offer a select group of classes under a special fee arrangement.

HIGH SCHOOL EQUIVALENCY

XBS066 TASC PREPARATION*

Tuition \$150.00

As of January 2014, New York State replaced the GED exam with the Test Assessing Secondary Completion (TASC). This comprehensive basic skills and college preparation course is a complete program that provides the student with individualized assessment, 90 hours of instruction, computer lab time, practice tests, and an opportunity to apply to sit for the TASC exam. Class runs from September through December. **All students must be 18 years of age or older to register for these classes.** For additional information, call 631-451-4926.

96133	Grant	Wed/Th	8/30-8/31	6:00pm-9:30pm	Sally Ann Slacke, 102

XSC106 PREPARATION FOR INTRODUCTORY SCIENCE COURSES

Tuition \$65.00

Get the tools you need to succeed in an introductory college chemistry or biology course. Students are required to purchase the textbook *Shaum's Outline of General, Organic and Biochemistry for Nursing and Allied Health, 2nd Edition* by George Odian and Ira Blei published by McGraw-Hill. (ISBN 0-07-1611657) (2 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
95942	Ammerman	Th/Fri	8/31-9/1	9:00am-3:30pm	Southampton Bldg., 128
96134	Grant	Th/Fri	8/31-9/1	9:00am-3:30pm	Sally Anne Slacke, 102

XEP120 MATH REVIEW FOR INTRODUCTORY SCIENCE COURSES

Tuition \$159.00

Review the basics of algebra. This course is designed for students who need to brush up on mathematical skills prior to taking credit-bearing courses such as engineering, chemistry or physics. (4 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
95943	Ammerman	Mon-Th	8/28-8/31	9:00am-12:45pm	Southampton Bldg., 226

*Course Carries Student Accident Insurance Fee of \$9.00

Professional Development and Continuing Education

XSC126 ESSENTIAL REVIEW FOR ANATOMY & PHYSIOLOGY II

Tuition \$45.00

This course is designed for students registered for BIO132 (A&PII) that need to review the essentials of BIO130 (A&PI). The course will cover a basic review of anatomy, including major tissue types, body cavities, body membranes, skeletal muscle physiology, cellular respiration, and relevant histology. (2 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
96110	Grant	Mon/Wed	8/28-8/30	6:00pm-9:30pm	Sally Ann Slacke Ctr., 101

XSC130 PREPARATION FOR ORGANIC CHEMISTRY

Tuition \$249.00

This course is designed to provide college STEM students the basics of organic chemistry. Topics to be covered include organic acid/base chemistry, functional groups, molecular orbital theory, Lewis structures, valence shell electron pair repulsion theory (VSEPR), hybridization theory, resonance, and organic nomenclature. These topics will provide students with a basic understanding of molecular structure, and challenge them to develop the critical abstract thinking skills needed for this discipline. Students are required to purchase the textbook *Organic Chemistry Prep.* by Veljko Dragojlovic. (ISBN 978-1478287612) Prerequisite: High school chemistry. (5 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
95944	Ammerman	Mon-Fri	8/28-9/1	5:30pm-9:30pm	Southampton Bldg., 227

COMPUTER COURSES

Students are required to bring a USB flash drive with a minimum of 1GB storage to all computer classes.

BASIC COMPUTER SKILLS

XCO115 INTRODUCTION TO COMPUTING

Tuition \$175.00

Learn about the internet, hardware, software, and basic computer operations that will help students meet their educational objectives. Become acquainted with Windows and Microsoft Office components including Word, Excel, and PowerPoint. (6 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
95945	Ammerman	Wednesday	9/13-10/25	6:00pm-10:00pm	Riverhead Bldg., 209

XCO105 BASIC KEYBOARDING AND COMPUTER SKILLS

Tuition \$85.00

Provides keyboarding instruction, practice and general computer operations instruction so that students can use the computer to complete their course work. (3 meetings)

AUTOMOTIVE

XAU110 AUTOMOTIVE OSCILLOSCOPE DIAGNOSTICS

Tuition \$200.00

With ever more complex diagnostic problems facing the advanced diagnostic technician, a tool to get to the real cause of the problem has never been more valuable. Only with an oscilloscope do you have the ability to diagnose these complex faults. This one-day blended classroom and hands-on course will cover the theory and operation of automotive oscilloscopes. The hands-on portion of this class will include performing oscilloscope test functions such as relative compression testing, current ramping, ignition system testing, cam crank correlation, Mass Air Flow sensor (MAF) testing, and more. This class is designed around the Pico Scope platform but applies to Snap-on, Autel, and other automotive oscilloscopes. Scope owners are encouraged to bring their own scope. All tools and equipment will be supplied. (1 meeting)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
96129	Ammerman	Saturday	12/9	8:00am-5:00pm	Automotive Tech Bldg.

XAU150 AUTOMOTIVE SERVICE EXCELLENCE (ASE) TEST TAKING STRATEGIES

Tuition \$150.00

Automotive Service Excellence (ASE) exams offer the automotive service technician the ability to achieve a credential that is nationally recognized. The ASE exam is a stackable and transferable certification that offers the opportunity for higher earning potential within the automotive industry. This course will offer test taking strategies, resources and preparation for taking any of the ASE automotive certification tests. (1 meeting)

96130	Ammerman	Thursday	11/9	6:00pm – 10:00pm	Automotive Tech Bldg.

XAU170 INTRODUCTION TO SPECIALIZED AUTOMOTIVE ELECTRONICS TRAINING

Tuition \$179.00

A great class for the beginner just starting out in the field, or for current technicians looking to branch out into electrical diagnosis. Learn how electric circuits in an automobile work through lecture and lab experiences. Emphasis is on learning circuit behavior and use of digital test meters. Students will practice building and testing circuits on project boards. Series and parallel circuitry will be covered as well as beginning diagnostic strategy. Students may bring their own meters. However, class meters will be available. (5 meetings)

CRN	CAMPUS	DAY	DATE	TIME	ROOM
96142	Ammerman	Tuesday	9/19-10/24	6:00pm-9:00pm	Automotive Tech Bldg.

XAU180 AUTOMOTIVE ELECTRONIC SCHEMATICS AND VEHICLE ACCESSORY DIAGNOSTICS

Tuition \$179.00

A great follow-up to *Introduction to Specialized Automotive Electronics Training* for the person looking to improve their automotive electrical troubleshooting skills. This lecture/lab course focuses on reading wiring diagrams (schematics) and effective diagnostic strategies for use with various automotive electrical accessories. Students will build on skills covered in the introductory course by testing and diagnosing electrical circuits on shop cars, using online service information and test equipment. All equipment will be provided. However, students are encouraged to bring their own digital test meters and test lights. (5 meetings)

XSC118 LEED GREEN ASSOCIATE V4 **Tuition \$199.00**

Developed by the U.S. Green Building Council (USGBC), the LEED v4. (Leadership in Energy and Environmental Design) rating system is the most distinguished and widely accepted green building certification in the world. This online course is offered in conjunction with Green Building Research Institute, a major LEED training company. Architects, engineers, interior designers, and contractors will benefit from LEED certification, the first level of which is the LEED Green Associate. You will learn green building and LEED fundamentals and prepare for the LEED Green Associate Exam. Core concepts will include the LEED rating system and green building strategies. Additional topics include an overview of recommended study methods, exam-taking skills and practice questions for the LEED Green Associate Exam. To take the LEED Green Associate Exam, you must have previous experience supporting a LEED-registered project, be working in a sustainable field of work, or have attended an education program that addresses green building principles. **This class will qualify you to take the LEED Green Associate Exam.** (8 hours)

XSC240 NABCEP SOLAR PV ENTRY LEVEL CERTIFICATION*

Tuition \$1,595.00

This course will cover basic solar energy principles, photovoltaics and solar panel installation. This course is designed for those individuals interested in the solar energy field. Hands-on and field work experience and all required materials will be provided. Course materials are aligned with the nationally recognized North American Board of Certified Energy Practitioners (NABCEP) Entry Level Exam. The NABCEP Entry Level Exam is a way for candidates to demonstrate that they have achieved a basic knowledge of the fundamental principles of the application, design, installation, and operation of PV and solar heating systems. The NABCEP Exam is optional. Exam fees are not included. **Note: *Certain income-eligible students may be able to take this course free of charge. Please contact Jeanne Durso at 631-451-4470 to determine your eligibility.*** (18 meetings/90 hours)

MEC211 WELDING*

Tuition \$3,895.00

Participants will learn the basics of Shielded Metal Arc Welding (SMAW) in accordance with the American Welding Society (AWS) D1.1 standard. Topics covered include weld terminology, oxy-fuel welding setup, ARC welding processes and safety, OSHA standards, visual inspection as well as several types of welds. Participants will also be introduced to Gas Metal Arc Welding (GMAW) and Gas Tungsten Arc Welding (GTAW). AWS certification is offered to those students who pass qualification. Passing of the AWS 3G and 4G 1" testing also qualifies the student for the New York City welding license. Training is taught in a blended format of 180 hours of classroom and lab, with an additional online learning component. All books and materials are included. Each student will be given a jacket and gloves. Helmet and certification fee is not included. For more information, call 631-851-6200. (41 meetings)

Developed by the U.S. Green Building Council (USGBC), the LEED v4. (Leadership in Energy and Environmental Design) rating system is the most distinguished and widely accepted green building certification in the world. This online course is offered in conjunction with Green Building Research Institute, a major LEED training company. Architects, engineers, interior designers, and contractors will benefit from LEED certification, the first level of which is the LEED Green Associate. You will learn green building and LEED fundamentals and prepare for the LEED Green Associate Exam. Core concepts will include the LEED rating system and green building strategies. Additional topics include an overview of recommended study methods, exam-taking skills and practice questions for the LEED Green Associate Exam. To take the LEED Green Associate Exam, you must have previous experience supporting a LEED-registered project, be working in a sustainable field of work, or have attended an education program that addresses green building principles. **This class will qualify you to take the LEED Green Associate Exam.** (8 hours)

The Smartest Service Members Always Seem To Save The Most Money

At Suffolk County Community College, we proudly serve more than 700 military-connected students yearly. We recognize that each service member has different needs and educational goals. The combination of resources, institutional support, student community and personalized attention that we provide makes Suffolk an excellent place to begin your academic career or continue your studies.

What's more, because Suffolk provides so much value, our military connected students are able to save the bulk of their veterans benefits and extend their education by graduating and transferring to some of the most recognized colleges and universities in the nation.

Find out how you can save money while realizing your educational goals.
