Re: Health Insurance Charges

Dear Mr. Stein:

To address the issues of the College's contribution to the Fund 039 Employee Medical Health Plan, the funding rates will not be adjusted. Instead, I have calculated a credit allocating the College's portion of the transfer to the Retirement Reserve Fund 420 and the Medicare Reimbursement component of the funding rate

To determine the allocation of these expenses, I have used the College's percentage of the total contributions to Fund 039 (inter-fund transfers) for 2005. The College's contribution for 2005 totaled \$15,730,887, or 7.81% of the total Inter-fund transfers of \$201,303,097.

The 2006 County Adopted Budget includes a \$10,000,000 transfer from Fund 039 to Fund 420 – Retirement Reserve Fund. As the College pays their NYS Retirement Contribution directly from the College Budget, and that this expense should remain a part of the College's Budget, a credit of \$781,453 or 7.81% of the \$10 million dollars can appropriately be applied to the College's Health Insurance contribution. This credit may be applied in one lump sum at any time this year, as the funding essentially comes from the carry-over of the fund balance from 2005

The funding rates for the Employee Health Insurance contributions include a Medicare Reimbursement component for the County only. The College pays this expense directly from their own Budget and should continue to pay through 2006. Beginning in 2007, the funding rate will be adjusted to include the College's expense as well. In lieu of an adjustment in the funding rate for 2006, a credit of \$512,934 or 7.81% of the \$6,563,855 Budgeted in Fund 039 for Medicare Reimbursement for 2006 can appropriately be applied to the College's Health Insurance contribution. This credit should be applied monthly, at \$42,774.50 per month, as it is an adjustment to the funding rate per employee charged on a monthly basis.

To summarize, a total credit of \$1,294,387 can appropriately be applied towards the Community College's contributions to Fund 039 - Employee Medical Health Plan for 2006. The adjustment represents the College's apportionment of the 2006 Budgeted Transfer from Fund 039 to Fund 420 - Retirement Reserve fund and the Medicare Reimbursement component of the 2006 funding rate for Fund 039.

I currently do not have a projection on the EMHP funding rate for 2007. An increase of 10% over the 2006 rate seems reasonable at this time.

If you have any questions, feel free to contact me at (631) 853-4776.

Sincerely,

James P. Burt
